

Some of the topics you can look forward to are the following:

1. How to Deal with Blind Students---Austin Brooks
2. Limnology Lab---Al Pogge
3. Field Microbiology Lab---Bill Doemel/Austin Brooks
4. Extinction---Al Dusing
5. Cell Crystals---Fr. Eugene Middendorf
6. Russ Wagner on some topic
7. Ecology Lab---Phyllis Kingsbury
8. Lab Techniques---Bob Satterfield
9. Genetics---George O'Connor
10. Insect Sampling-Slide/Tape Presentation---The Carlocks
11. Ethanol Production---Cameron Christensen
12. Computer Program---Jack Bennett
13. Cell Biology Lab---Bill Stevenson
14. Using Health Agencies in Physiology---Charles Gehring
15. Computer Based Testing---Jerry Woolty

On Friday morning, in addition to the tours being planned, Mary Creager will have a Camera Workshop for Nature photography. Bring your 35mm and film, and get instructions from someone who has had photos published in such as National Geographic.

Still pending are program participation by the EPA and AEC, as well as SIU, who may present a program on how to set up a Recombinant DNA lab.

If you have any suggestions for the program, have a speaker in mind, or would like to participate yourself, please contact the program chairman:

James Royce, Iowa Central Community College,  
Fort Dodge, IA 50501, 515/576-7201 or 515/573-5951.

Norm Jensen of Millikin (Dept. of Biology, Decatur, IL 62521) is in charge of local arrangements. If you know of any supplier or dealer in scientific instruments, equipment, or materials, who might be interested in becoming a Sustaining Member, please have them contact either Norm at the address given, or the Executive Secretary. Membership also entitles them to exhibit at the Annual Meeting.

Enclosed with this mailing is the 1980 Membership Directory. If you find any errors, please notify this office for future correction. Also note the new mailing labels, being used for the first time. Check these for errors as well

AMCBT has always been a result of its membership, and nowhere is this more true than in the Annual Meeting. Your participation as presentors, panelists, demonstrators, and by attending, make this group as productive as it has been. Plan now to attend and bring along a colleague. See you at MILLIKIN.
